Local Teens are needed for the Skokie TeenLink Program

Skokie residents are often in need of assistance for yard maintenance, especially during heavy snow falls. For this reason, the Village of Skokie offers the TeenLink program to unite Skokie residents who are in need of outside seasonal yard work, including snow shoveling, raking and lawn care, with Skokie teens that are available for hire to do the work.

The TeenLink program list provides contact information for Skokie teens available to do seasonal yard work. The list includes the name and address of the teen, days available, type of work they are willing to do and their expected rate of pay. Residents can receive the list by mail or email.

The resident is responsible for contacting the teen and for making financial and scheduling arrangements.

Skokie teens also can complete an application to be added to the TeenLink program by contacting the Village Health and Human Services Office at 847/933-8252 or visiting www.skokie.org to download an application.
